

NATIONAL KIKO REGISTRY 2023 SALE RULES

The NKR 2023 Spotlight Kiko Auction will be held May 20, 2023, at the Hyder-Burkes Ag Pavilion at Tennessee Tech University in Cookeville, Tenn. Any active client of the National Kiko Registry in good standing is eligible to consign to the sale. The sale will be held in conjunction with the Cumberland Meat Goat Conference May 19-20. The Spotlight Auction will be held at 1 p.m. Saturday, May 20, and will include the Elite Buck Sale, an offering of 10 top-quality Kiko bucks. Approximately 110 New Zealand, purebred and percentage does and 5 semen lots will sell in the Spotlight Auction. Consignments of frozen embryos and recipient does carrying embryos will be accepted in lieu of a doe consignment. **Consignments will be accepted on a first-come basis, with the consignment period running from January 13 through January 27, 2023.**

CONSIGNMENTS POSTMARKED BEFORE JANUARY 13 WILL NOT BE ACCEPTED.

NKR 2023 ELITE KIKO BUCK SALE

- 1) This sale will be limited to 10 bucks.
- 2) Nominations are limited to 1 buck per farm/ranch/family. You do not have to consign does to consign to the Buck Sale. Bucks must be born before December 31, 2022, to be eligible for the sale. There is no maximum age limit on bucks.
- 3) All bucks must be registered with the National Kiko Registry.
- 4) All bucks must be DNA parentage verified prior to the catalog cutoff date (March 22, 2023). If a buck was DNA tested through another registry you will need to retest it through the NKR so that the NKR VGL number is available.
- 5) The consignment fee is \$200 per buck. This will apply whether the buck arrives at the sale or not. If nominated bucks are not able to sell for any reason, substitutions will be allowed, providing the substitute meets the requirements of the sale.
- 6) For each buck there will be a \$10 charge for shavings and stall cleaning and there will be a \$10 transfer fee to the NKR for all bucks that sell. Thus, the total cost will be \$220 per buck. The consignment fee of \$200 will be due when you nominate your buck. The stall and transfer fees **plus 3% commission** will be deducted from the amount due the consignor after the sale. If for any reason a goat does not sell, the transfer fee and commission will not be charged. Consignment fees and stall fees apply whether or not the goat sells.

SEMEN CONSIGNMENTS

- 1) Semen consignments are limited to 5 lots.
- 2) Nominations are limited to 1 semen lot per farm/ranch/family. Multiple straws can be consigned in each lot.
- 3) Consignors will be charged a consignment fee of \$150 for each semen lot consigned. This will apply whether the semen sells or not. If consigned semen lots are not able to sell for any reason, substitutions will be allowed, providing the substitute meets the requirements of the sale. In addition, a 3% commission will be charged for each lot sold.
- 4) All semen lots must be from an NKR-registered buck and have an NKR VGL number.
- 5) All shipping fees for semen straws will be the responsibility of the buyer. It is the responsibility of the buyer and seller to finalize the transfer of the semen straws.
- 6) The consignment fee of \$150 will be due when you nominate your semen lot.
- 7) There will be no stall or transfer fees for semen lots.

2023 SPOTLIGHT KIKO DOE SALE

- 1) Does must be born before December 31, 2022, to be eligible for the sale. Nominations are limited to 2 does per farm/ranch/family, regardless of number of prefixes registered. (Does with nursing kids under 90 days old are considered to be one lot; nursing kids accompanying their dam can be either male or female).
- 2) All does and/or kids must be NKR registered and DNA parentage verified prior to the catalog cutoff date (March 22). Any doe that is sold with kids - the kids must be registered and parent verified before the sale. No kids will be sold on application.
- 3) Does that are sold as "confirmed bred" must be verified pregnant via sonogram or blood test with documentation available at check-in. The sire must be a DNA-tested, NKR-registered sire. A sire service memo with VGL number must accompany documentation.
- 4) Recipient does carrying embryos do not have to be registered. Recipient does must be confirmed bred via sonogram or blood test with documentation available at check-in.
- 5) Embryos must be the offspring of a DNA-tested, NKR-registered sire and dam. The sire and dam's NKR registration numbers and VGL numbers must be included.
- 6) When embryo kids are born, if the DNA does not match what the original owner proclaimed, then the 'buyer' has the right to a refund, via the 'consignor', upon surrender of doe and kids. DNA testing must be done within one year of sale date.
- 7) Surrogate dams with embryo kids must sell with the kids. The kids must be registered and parent verified before the sale.
- 8) Consignors will be charged a consignment fee of \$75 for each doe/lot consigned. This will apply whether the goat sells or not and whether the goat actually arrives at the sale or not. If consigned goats/embryos are not able to sell for any reason, substitutions will be allowed, providing the substitute meets the requirements of the sale. **In addition, a 3% commission will be charged for each lot sold.**
- 9) For each goat there will be a \$10 charge for shavings and stall cleaning and there will be a \$10 transfer fee to the NKR for all does and kids (except recipis) that sell. Thus, the total cost will be \$95 per doe (\$85 for recipient/surrogate does) plus 3% commission. There will be no stall or transfer fees for frozen embryos.
- 10) All shipping fees for frozen embryos will be the responsibility of the buyer. It is the responsibility of the buyer and seller to finalize the transfer of the frozen embryos.
- 11) The consignment fee of \$75 per doe/lot will be due when you submit your nominations. The stall and transfer fees and 3% commission will be deducted from the amount due the consignor after the sale. If for any reason a goat does not sell, the transfer fee and commission will not be charged. Consignment fees and stall fees apply whether or not the goat sells.

GOAT INSPECTION

Please make sure your consignments are of top quality and in the best of health. Upon arrival at the sales facility, all goats will be visually inspected for general condition and health. Goats with any of the following will not be allowed in the sale:

1. Suspicious knots and scars. If a knot appears before sale time, that goat will be removed from the facility and will not be in the sale. If a knot is detected in the sale ring, that sale will be voided. Eligibility of a goat with obvious injection site knots will be determined by sale management on a case-by-case basis.
2. Fish teats or more than two teats.
3. Pinkeye.
4. Soremouth.
5. Misshapen hooves or other foot issues, including any type of infection.

All goats must arrive at the sale with interstate health certificates issued within 30 days of the sale at the point of origin by a federally accredited veterinarian and consigning them to the NKR 2023 Spotlight Auction, Tennessee Tech University, Hyder-Burks Agriculture Pavilion, 2390 Gainesboro Grade, Cookeville TN 38501. Each individual goat must have a separate copy of a health certificate showing its individual identification. Multiple goats may be listed on one certificate if photocopies are made and the identification for that goat is highlighted on a copy. All goats must have a scrapie tag.

NKR suggests all goats undergo a blood sample bioscreen for CAE, CL and Johne's diseases.

GENERAL INFORMATION

1. Sellers must provide a copy of an NKR registration certificate for each consigned goat/embryo/semen lot by March 22, 2023, for inclusion in the Sale Catalog. Send copies of certificates and any brief comments to be included in the catalog to [NKR Goat Conference & Sale, 457 Hankins Road, Sarah MS 38665](#). Those consigning bucks to the Elite Buck Sale should also submit a good quality photograph of their buck for promotional use. Photos, certificates and other information can be e-mailed to nationalkikoregistry@gmail.com.
2. All goats must have either a microchip or readable tattoo that matches their papers. Please check this out before you leave home to make sure you can read the tattoos and can find the microchips. Eartags with microchips will be accepted.
3. Frozen semen and frozen embryos must have identification and storage location. Recipient does must have the embryos' dam and sire identification, including NKR registration numbers and VGL numbers.
4. When you arrive at the sale, please have a manila envelope for each lot (goat/embryos/semen/kids) consigned containing all of the following items.
 - a. The original NKR registration certificate, to be retained by NKR until you have been paid for that goat.
 - b. A signed NKR transfer form, complete except for the buyer's information, also to be retained by NKR until you have been paid for that goat.
 - c. A photocopy of the registration certificate to be given to the buyer on sale day.
 - d. A copy of a health certificate with that individually identified animal highlighted.
5. Consignors can unload goats at the facility from noon to 7 p.m. on Thursday, May 18, and from 8 a.m. to 10 a.m. on Friday, May 19. If other arrangements are needed, please call/text Terry Hankins at 662-519-9697.
6. There will be no private goat sales on the premises of Tennessee Tech University. NKR clients will be allowed to deliver previously sold goats, however, please notify Terry in advance. Horse stalls will be available to house goats over the weekend at \$10 per day. See a member of NKR management at the barn to make payment arrangements.
7. Water and shavings will be provided but each consignor is responsible for feed and water containers and feed for your goats.
8. Consignors will not be paid on the day of the sale. Funds will be held in a special account until all checks clear and credit cards are processed. Checks should be delivered in two to four weeks.
9. Any goat that is not removed from the sale facility by 10 a.m. on Sunday, May 21, will become property of the NKR.

NKR 2023 ELITE KIKO BUCK SALE & SPOTLIGHT AUCTION NOMINATION FORM

Consignment letters must be postmarked between January 13, 2023 and January 27, 2023.

CONSIGNMENTS POSTMARKED BEFORE JANUARY 13 WILL NOT BE ACCEPTED.

Consignments will be accepted on a first come, first served basis, determined by the postmark on your envelope. No phone reservations accepted. If the number of sale lots are exceeded, sale management reserves the right to use a lottery or other means to select the consignments.

SEND IN YOUR DNA SAMPLES NOW FOR YOUR CONSIGNMENTS PLUS A BACKUP IF YOU HAVEN'T ALREADY.

THERE IS STILL A BACKLOG AT UC-DAVIS.

You do not need to decide which individuals to bring at this time, but we do need you to confirm how many you plan to bring. Please mail a copy of this form, signed, and accompanied by your check (made out to NKR) for the nomination fees to:

Goats with serious defects or obvious health issues will not be allowed in the sale. Determination will be made by sale management and all decisions are final. The National Kiko Registry is coordinating the auction as a service to its clients and is acting only as an agent. All contracts, agreements and guarantees are between the buyer and seller. NKR is not responsible for the health or pedigree information of the livestock in the sale. I have read the sale guidelines and agree to abide by them.
